

# One of Australia's best wine regions is right here!

You'll find them on many airline first class wine lists as well as in leading restaurants. The Macedon Ranges is home to award winning pinots and shiraz and a host of easy drinking and classic wines.

This is only a small selection and there are many smaller specialist wineries that are not generally open to the public, however we are happy to phone the winemakers and arrange a special visit or tour just for you!
